

Pred Spruce

Product Description

- 10g Recycled Polyester/Acrylic Terry/Metal Q Brushed Liner
- Durable Foam Latex Palm Coating
- Superb Thermal feel with Rexterity Remaining Uncompromised
- Extended Cuff Length for Extra Thermal Retention
- Contact Heat Level 2
- Coloured Elasticated Cuff for Size Indicator

Specification

Code:	RPET10DW	Carton Size:	120 Pairs
Size:	7 - 11	EN388:	2X42D
Pack Size:	10 Pairs	EN407:	X2XXXX
		EN511:	X2X
Liner:	10g RPET/Acrylic Terry/Metal Q Brushed Liner		

Suggested Applications

- Cold Stores
- Engineering
- Automotive
- Warehousing
- Manufacturing
- Outdoor construction

Certification and Marking

Limitations of Use

Maintenance	Examine gloves for damages, splits and holes before each use. Always replace damaged gloves. Only properly fitting gloves guarantee protection and grip.
Storage	Store at normal room temperature in a dry, well ventilated area. Avoid direct heat radiation.
Disposal	Used gloves can be contaminated. Dispose with household waste or as instructed by your local authority.
Cleaning	Do not wash. The performance of the product after laundering is unknown. Beat or brush out after each use, depending on level of dirt.
Durability	The period of use depends on the degree or intensity of use in the retrospective application. It is therefore not possible to provide a 'life span' of the gloves.
Note	Due to the nature of this product the user is advised to carry out their own risk assessment before use, depending on application.
