Limitations of Use

| | |
|--------------------|--|
| Maintenance | Examine gloves for damages, splits and holes before each use. Always replace damaged gloves. Only properly fitting gloves guarantee protection and grip. |
| Storage | Store at normal room temperature in a dry, well ventilated area. Avoid direct heat radiation. |
| Disposal | Used gloves can be contaminated. Dispose with household waste or as instructed by your local authority. |
| Cleaning | Do not wash. The performance of the product after laundering is unknown. Beat or brush out after each use, depending on level of dirt. |
| Durability | The period of use depends on the degree or intensity of use in the retrospective application. It is therefore not possible to provide a 'life span' of the gloves. |
| Note | Due to the nature of this product the user is advised to carry out their own risk assessment before use, depending on application. |

Hands Protected; Work Perfected
